

A Glowing Testimonial

IMEDEEN wants you to experience the benefits of man.age.ment in just 90 days

Jonathan Chan, 33

Public Relation Manager for one of Singapore's top hotels

As the public face for one of Singapore's top hotels, it's important for Jonathan to keep up appearances. With a hectic lifestyle and long working hours, Chan's skin is exposed to environmental stresses such as sleep deficiency, alcohol and smoking. For Chan, taking IMEDEEN man.age.ment, an all natural anti-oxidant and protein-rich formula developed from marine and fruit complexes, was an easy daily routine which he could combine with his regular dose of vitamins. Results were visible within the first few weeks – his complexion became brighter and his skin felt more moisturized.

What are your grooming habits?

I use a facial wash twice a day, once in the morning before work and one after work followed by a toner then a moisturizer. I also take two IMEDEEN man.age.ment skin supplement once a day.

How important is it to look good for the work you do?

In the hospitality industry doing Public Relations, I deal with guests and clients everyday, so first impressions really matter.

How has IMEDEEN improved your complexion?

Taking IMEDEEN daily has improved my skin tone and it also feels moisturised from within.

What is your reaction after learning or seeing the results (if any) after taking IMEDEEN?

I was amazed by the results, considering the number of products in the market, and sadly, not every product delivers result. I have heard of IMEDEEN before, but only as skincare supplements for women. I am glad they developed a product for men.

Has anyone notice the difference?

Yes, my girlfriend has noticed the difference on my skin almost immediately after only one week into the program.

WHAT I LIKE ABOUT IMEDEEN?

It is not true that skincare products for men do not work and are costly. I can pop two IMEDEEN man.age.ment pills for as little as \$2 a day and trust its results.
